Cat Live Release Rate had a slight increase from previous year from 54% to 56%. The deep root cause of euthanasia is pre-weaned kittens. Over 30% of cat/kitten euthanasia is attributed to pre-wean kittens. A new program was recently introduced to the community to encourage fostering pre-wean kittens. The program was modeled after Front Street Shelter. Best Friends Animal Society three-year grant for adult cats commenced late in the year, positive results are anticipated to continue to increase with the life release rate for cats/kittens.

Dog Live Release Rate was 87% for Fiscal Year 2017-2018. The 13% includes everything from medical euthanasia, missing pets, stolen animals, and shelter euthanasia. This past fiscal year yielded the highest number of adoptions and animals sent to rescue organizations for the agency. If we used Asilomar data to report the live release rate would be higher than 87%.
